

An aerial photograph of a two-lane asphalt road cutting through a dense, lush green forest. The road is centered horizontally and runs from the left to the right edge of the frame. The trees are a mix of various shades of green, suggesting a diverse forest. The lighting is bright, creating high contrast between the dark asphalt and the vibrant green foliage.

Detachable Power / DC Management / Surge Protection / Power Conversion / Ventilation

*Progressive Industries*

### Portable Surge Protector Kits

Portable surge protector kits contain a separate receptacle tester to detect wiring faults at the pedestal and surge module to attach to the detachable power cord. Separating the two functions reduces the size of the product while increasing protection from inclement weather. Kit contains receptacle tester and surge module.

### RV Receptacle Testers

Receptacle testers detect wiring faults at the pedestal, including open ground, open neutral, open hot, hot/neutral reversed and hot/ground reversed. Includes swivel handle for easy removal from the pedestal.

### RV Surge Modules

Surge modules attach to the detachable power cord to provide surge protection. The compact size increases protection from inclement weather. Contains surge protection indicator alerting user when depleted.

#### Surge module ratings:

- 30A: 22,500A max spike / 1,100 joules
- 50A: 45,000A max spike / 2,030 joules

### Resettable Circuit Breaker Adapter

50A RV male to (2) 15A female resettable circuit breaker adapter provides 2 resettable 15A receptacles from a 50A pedestal. This adapter is designed for 30A RV users that do not want to draw additional power from their 30A or 15A service which may trip breakers at the pedestal. Each 15A receptacle is wired independently to an illuminated circuit breaker making it the safest and easiest to use solution for additional 15A power. The compact design allows the electrical box to close and makes it optimal for use with power strips and extension cords.

### 30A Generator Cordsets

Connect your RV to a standard 30A 125V generator receptacle. Made with the highest quality materials with watertight molded plug and connector for safety and durability. Included locking rings allow the generator cordset to be used as a detachable power cord extension between the inlet and the detachable power cord.

**12GENC** 12 ft    **25GENC** 25 ft    **50GENC** 50 ft

### 30A Generator Male Plug

Replace a damaged generator cordset male end or modify an existing 30A 125V detachable power cord to be used for generator applications. Made with corrosion resistant materials and easy to install.

NEW FOR 2020

TVHDMI6574.B

### TV & HDMI Inlet

TV & HDMI Inlet provides HDMI and cable TV connectors in one housing, reducing space on the RV. This inlet is designed with all the same features common in ParkPower inlets, such as UV stabilized glass-filled polyester construction for long-lasting strength and a soft touch cover.

- Soft touch covers are designed to stay hinged open when the cover is lifted up. A soft touch unlocks it for closing.
- Extra large tab provides more area to simplify opening and closing

### Black Inlet Conversion Kits

Converts 30A or 50A hard wired RV power hook-up to detachable power hook-up.

- 30ARVKIT.BLK 30A
- 50ARVKIT.BLK 50A

### 15A 12/3 Heavy-duty Extension Cords

Heavy-duty marine-grade cable with robust, fully molded ends for use in harsh environments.

- 151225RV 25 ft
- 151250RV 50 ft

NEW FOR 2020

30A 30PSP

50A 50PSP

### Portable Surge Protectors

Weekender portable surge protectors provide surge protection and detect wiring faults at the pedestal. The compact footprint and intuitive design simplify storage and usage.

- Open ground, open neutral & reverse polarity detection
- Mis-wired pedestal indication
- Surge failure indicator
- Brighter 3-color LED indicators
- Weekender pull handle
- Weather resistant /designed for outdoor use

#### Surge ratings:

- 30A: 22,500A max spike / 825 joules
- 50A: 45,000A max spike / 1,650 joule

NEW FOR 2020

30153GPA

### Generator Pigtail Adapter

30A Male To (3) 15A Female provides three 15A receptacles from a 30A generator receptacle. The clear, illuminated end provides visual feedback that power is present. Heavy-duty STW cable for outdoor use with molded ends with clear 15A end with LED indication on female end.

NEW FOR 2020

503030YA

### Y Adapter

50A Male To (2) 30A Female provides two female RV receptacles from a 50A RV power source. Heavy-duty STW cable for outdoor use with molded ends with handles on female end and male ends.

	<b>50ARVREC</b>

### Dead Front Receptacles

Ideal for new installations or replacing worn out receptacles. Made of high heat, impact-resistant plastic and heavy-duty, high conductive metal contacts.

## Generator Adapters

Connect between a power cord and a generator power source to resolve power incompatibility issues. They feature heavy-duty weather resistant construction in a compact, unbreakable PVC housing.

3 YEAR WARRANTY

	<b>30430GSA</b>		30A 125/250V Locking 4-Prong
			30A 125V RV Use Only
	<b>30450GSA</b>		30A 125/250V Locking 4-Prong
			50A 125/250V RV Use Only

## MASTERVOLT

### CombiMaster Inverter/Charger — CZone®/MasterBus Compatible

The CombiMaster inverter/charger delivers pure sine wave inverter power and multi-chemistry battery charging plus the intelligent new design communicates seamlessly with NMEA 2000.
